JavaScript (ES6+), jQuery, AJAX, HTML5, CSS3, Bootstrap

Tools & DevOps:

Git, Apache, Nginx, VPS Deployment .env Configuration

Additional Skills:

API integration, payment Gateway integration, Debugging.

📁 PROFESSIONAL EXPERIENCE

Web Developer

Sourcecube Technologies Pvt Ltd 🌐

- Developed and maintained **Laravel-based backend systems** for scalable web applications
- Designed and delivered 30+ **RESTful API** endpoints consumed by iOS, Android, and web clients.
- Optimized **MySQL** queries, reducing average response time by ~40%
- Integrated third-party services such as Google/Microsoft Calendar APIs, and AI Agent APIs.
- Collaborated with frontend developers to deliver seamless user experiences

November 2023 –
January 2026
Surat, India

Web developer

Potenza Global Solutions Pvt, Ltd. 🌐

- Developed server-side features using **PHP, Laravel, and CodeIgniter**.
- Built responsive UI components using **HTML, CSS, JavaScript, and jQuery**.
- Implemented REST APIs for data communication between systems.
- Integrated third-party services such as payment gateways, SMS APIs, and external platforms.
- Debugged and optimized legacy applications to improve performance and stability.

January 2021 –
October 2023
Surat, India

📁 PROJECTS

Workplace and Service Management System

- Built a multi-module SaaS platform allowing businesses to book services, products, and rooms with a fully integrated helpdesk ticketing system.
- Integrated Google/Microsoft Calendar APIs and an AI Agent API for intelligent scheduling, automated reminders, and smart task routing.
- Designed a scalable Laravel backend supporting multi-tenancy, role-based access control, and queue-based background job processing.

I PROMISE

Social Promise Tracking Platform

- Developed a Laravel REST API backend and admin panel for a promise/commitment tracking app with iOS and Android frontends.
- Designed clean, versioned API contracts handling user authentication, data exchange, and push notifications for mobile clients.

- Built a full admin panel giving non-technical stakeholders visibility into user management, content moderation, and activity analytics.

Agile Project Management Tool

- Built a web-based agile project management tool in Laravel with sprint boards, user stories, issues, and cross-team task management.
- Developed a cron-job-driven email campaign system for scheduled, automated bulk email delivery to segmented user groups.
- Implemented email tracking capturing open rates, link clicks, and opt-out events, providing campaign managers with actionable engagement data.

Skooly

School & University Management System

- Built a comprehensive CodeIgniter ERP for educational institutions covering student, teacher, and staff management, attendance, accounting, and expense tracking.
- Developed a per-student QR code generation and scanning system, enabling fast, contactless attendance marking and reducing manual entry errors.

EDUCATION

Masters of Computer Application (MCA)

Bhagwan Mahavir College of Management

June 2019 – May 2021
surat, India

Bachelor of Computer Application (BCA)

C B Patel Computer College

June 2015 –
February 2018
surat, India
